Project Submission

• Make sure that all project deliverables are available on your assembla pages
  – Include source code as a downloadable package
  – Include executable and any test cases
  – Include presentation slides
• Provide explicit instructions on how to find each deliverable (use your Home page)
• Provide explicit instructions how to install and run your software

Next Steps

• Midterm next week
  – Review Monday
  – Midterm Wed. (I’ll be travelling)
• Teams should be considering Project II
  – Look at Project page for directions, ideas
  – Come up with several ideas
  – OK to discuss with me before submitting proposal
