For Next Tuesday

- Topics in Advanced SE: Software Product Lines
- Kean Teams:
  - Complete deliverables for project if necessary
  - Ideas for what to do next
    - Key: demonstrate use of some class concepts, e.g.
    - Integrate software with other UO teams (e.g., demonstrate use of abstract interfaces)
    - Extend software capabilities
    - Small project using SPL
    - Some combination of the above
- PKU Teams
  - Plan for completion
  - Milestones, increments, and schedule
