CIS 420/520 Automata Theory
Assignment 1

due Friday, October 7, 2016

1. exercise 1.4, parts c, e, i, j

2. exercise 1.13, parts c, e, i, j

The first question is to write a DFA for the four specified languages. The second is to describe the same languages with a regular expression. To give the DFA, draw the state diagram.

The exercise numbers are from the first edition.
